

The age of Machine Intelligence

Erik van Ommeren, Director of Innovation
SogetiLabs Fellow - @innovationerik

What is Machine Intelligence?

Patterns

Per capita cheese consumption

correlates with

Number of people who died by becoming tangled in their bedsheets

2000 2001 2002 2003 2004 2005 2006 2007 2008 2009

Divorce rate in Maine

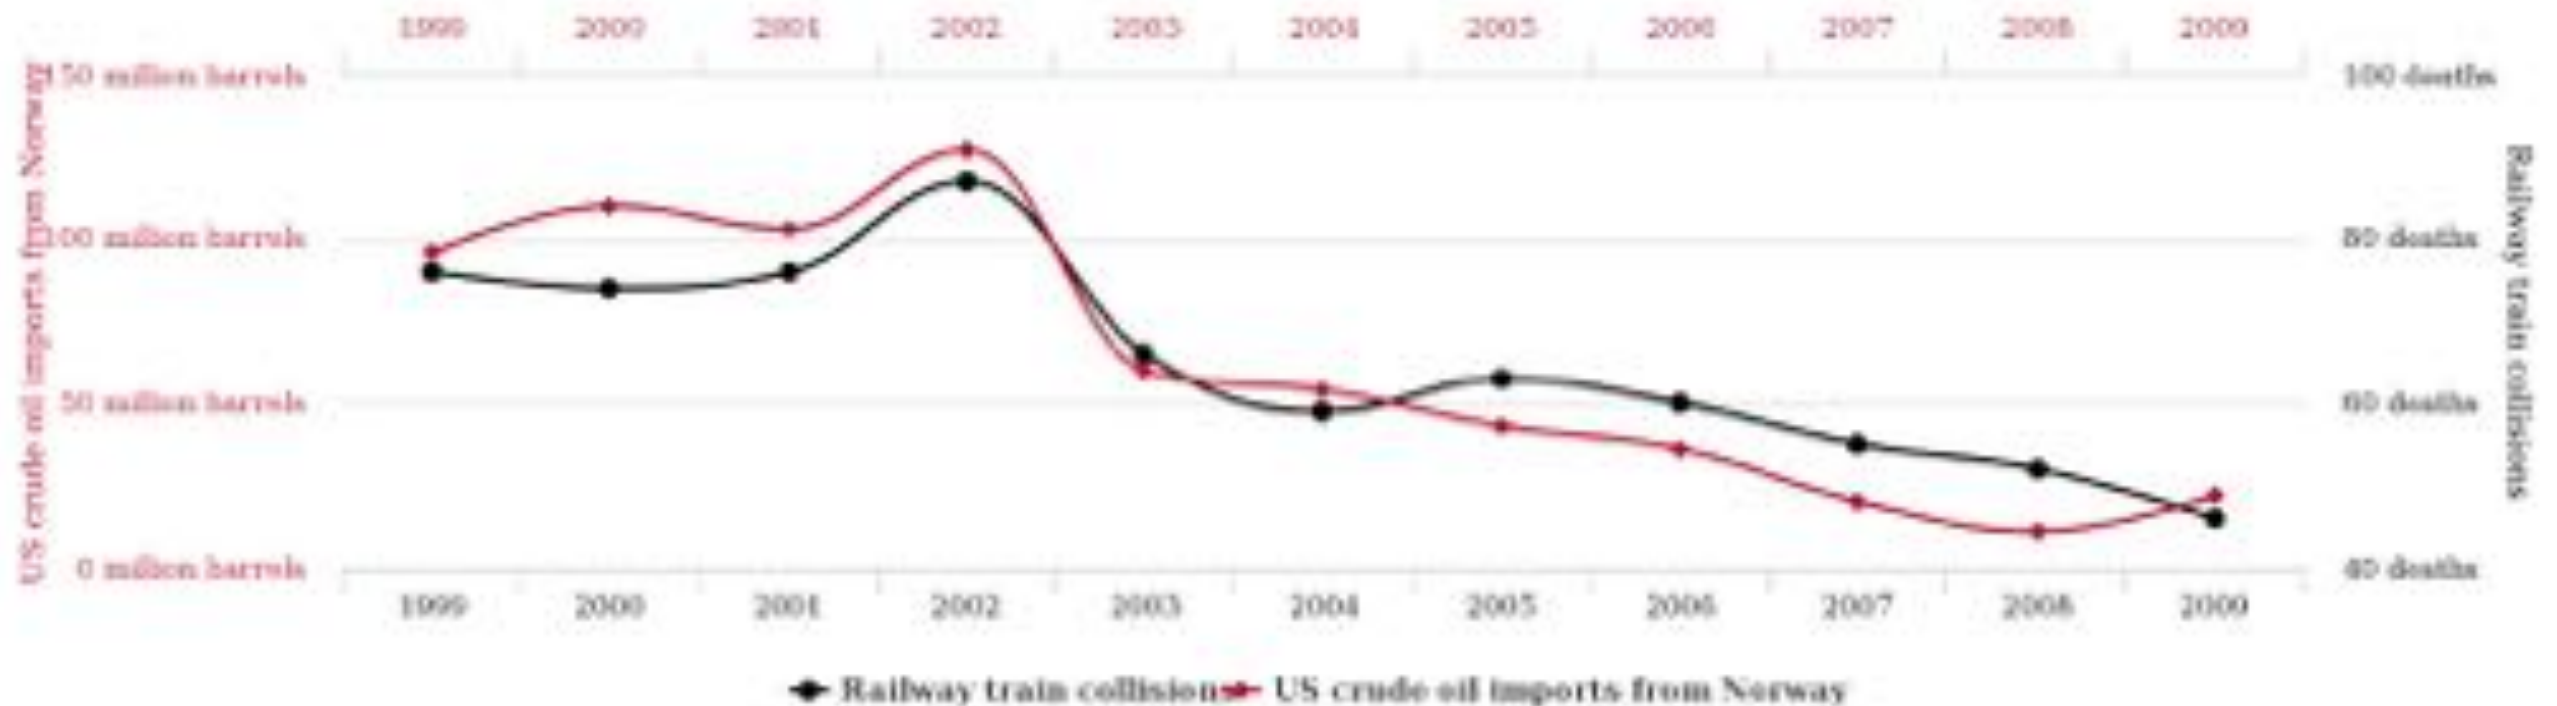

correlates with

Per capita consumption of margarine

US crude oil imports from Norway

correlates with

Drivers killed in collision with railway train

What we read, How we play,
Who we love, When we
sleep, How we drive, What
we like, What we say, What
we do, Where we go, How
we're built, What information
we get, What we feel, What
we eat, What we see, What
we hear, What we search for,
What we buy
